

ANTI-RADICAL BILLS OPPOSED AT HEARINGS

Are Branded Un-American, Undemocratic, Unconstitutional

SOCIALIST BOOK READ

Governor Says He Will Take Action to Have "Love and Marriage" Suppressed

Albany, May 14.—The hearing before Governor Smith, on the Lusk-Martin bills, designed to curb radicalism in this state, and the so-called "Fearon anti-Socialist bills," took an unusual turn late today when Governor Smith requested Henry A. Wise, Wood of New York, a supporter of the measure, to turn over to him a book from which he had been reading.

The book, "Love in Marriage," by Marie Carmichael Stopes, was quoted from by Wise Wood in his attack on the Lusk-Martin bills. The book, Deputy Attorney General Samuel Berger said, was purchased yesterday at the Rand school.

At the close of the hearing, Governor Smith announced that he would send the book with a copy of Mr. Wood's statement to District Attorney Swann of New York, with a request that action be taken to suppress it.

Mr. Wood had not read more than a paragraph when the governor interrupted him.

"Why don't you send that book to the district attorney?" he asked.

"He has one," replied Mr. Wood. "You don't realize the rottenness of these people."

District Attorney Failed to Act.

"Why get new laws?" questioned the governor. "There are laws enough to suppress that. Do you mean to say that you have complained to the district attorney and that he would not act on that?"

"That is the fact," interrupted Deputy Attorney General Berger. "That book was placed in the hands of the district attorney last August and he has done nothing to date."

State-wide opposition was expressed against three of the Lusk-Martin bills and the two Fearon measures. The other Lusk-Martin measures, intended to carry out the state's Americanization program, were not opposed.

Representatives of more than 100 political, religious, labor and social organizations, led by Louis Marshall of New York, joined forces in urging the governor to veto the measures on the ground that they were un-American, undemocratic and unconstitutional.

Those heard in support of the bills included former Senator Elton R. Brown, Martin Conboy, who was associated with the counsel for the assembly judiciary committee in the trial of the five Socialist assemblymen; Mr. Wood and Mrs. George Wilde, of the New York Women's Republican club. Mrs. Wilde presented a petition signed by 1,000 in favor of the measures.

Bills Would "Prussianize" State.

The bills, said Mr. Marshall in opening for the opposition would "Prussianize and Prussianize the state of New York." He asserted that the farmers, while admitting that the bills were aimed at the Socialist party and Rand school, did not have the courage to mention the party or the school in any of the measures.

Mrs. George Hewitt of Carthage, president of the State Federation of Women's clubs, said that the bills "overstepped the underlying principles of our state government and in many instances opinion would decide a case rather than the facts."

William E. Fitzsimmons of Albany, representing the four railroad brotherhoods, explained that his organization were opposed to the measures because "they are inimical to the best interests of American government."

Mrs. William H. Rockwell, of the National Board of the Young Women's Christian association, opposed the Lusk-Martin bills, saying that if it became a law, the good work of instruction by the association would be curtailed.

Agnes Lee of New York, a member of the Socialist party, told the governor the bills "hang together as one and seek to destroy all that American people have been proud of."

"All five bills," he said, "might properly be entitled acts to render impossible the orderly and peaceful solution of social and economic problems and to incite the resort to violence. Legislation of this kind can be of no other effect than that."

Discuss Fearon Bills.

Former Senator Brown and Mr. Conboy devoted most of their time to a discussion of the Fearon bills. Mr. Conboy said he could see no objection to them. "They say in effect," he said, "that a political party may not elect men in this state if it advocates principles that make it impossible for men elected to take the oath of office. The object of the bill is to make political parties loyal."

"Love of country," said Mr. Brown, "doesn't mean that you love the freedom of the country for the purpose of destroying it."

Replying to the statement that the

Hines Retires Today; Successor Yet Unnamed

Washington, May 14.—Although Walker D. Hines retires tomorrow as director general of railroads, White House officials said tonight that there has been no final selection of his successor, who will wind up the affairs of the railroad administration and dispose of delayed settlements between the roads and the government.

The advisability of giving the task to Secretary Payne, of the interior department, in addition to his present duties, is understood to have been under consideration.

URGES \$125,000,000 LOAN TO RAILROADS

Association of Railway Executives Says This Sum Is Needed For New Equipment

Washington, May 14.—To aid in relieving the railroad freight situation, the Association of Railway Executives today recommended to the interstate commerce commission that \$125,000,000 of the \$300,000,000 revolving fund provided in the transportation act be loaned to railroads immediately for the acquisition of equipment.

For additions and betterments, the association recommended that \$75,000,000 be advanced the roads. It also asked that \$12,000,000 be loaned to short line roads; that \$50,000,000 be set aside temporarily to take care of railroad obligations maturing in 1920, and that the balance of approximately \$40,000,000 be held in reserve for claims and judgments against the railroad administration.

The association said that the setting aside of \$50,000,000 to take care of maturing obligations was necessary "to protect the solvency of the companies."

The recommendations were taken under advisement by the commission and there was no indication when a decision would be made.

As a basis for distributing the amounts proposed for equipment, additions and betterments, the executives recommended that each company desiring to purchase additional equipment, or to procure additions and betterments "be immediately allotted a sum which is the same percentage of the amount appropriated as the standard returns of the company in question bears to the standard return of all railroads during the period of federal control."

The association said these recommendations were "made without prejudice to the necessity or desirability of further action by congress in connection with this matter."

While the executives were laying their program before the commission, some of its members were engaged in investigation of car shortage and freight congestion on which reports have come from all corners of the country. Several conferences on the situation were held with railroad representatives and with officials of the car service commission, the railroad agency which is to work in co-operation with the commission in application of the car service provisions of the transportation act.

Protests and reports of further increases in the congestion continued to pile up. Several delegations of shipper's called on Representative Esch, who was joint author of the new railroad law, asking him to urge congressional help of some sort.

SUBPOENA SUGAR OFFICIALS.

New York, May 14.—The joint legislative committee which, after having investigated radicalism in this state, announced yesterday it would inquire into charges of profiteering, a cause of social unrest, has issued subpoenas for officials of four large sugar concerns. It became known tonight.

The bills would draw the courts into politics, he said.

"The courts always have been in politics to defend and fortify constitutional laws of the country and state. It is the duty of the legislature to vest power in the courts to strike parties off the ballot and determine whether they represent treasonable ideas."

Deputy Attorney General Berger urged the governor to sign the bill, seeking to establish a bureau in the office of the attorney general for the prosecution of criminal anarchy. He said that in adopting the plan of giving the attorney general coordinate jurisdiction in the matter of prosecution with district attorneys, no new principle of law would be established.

Mr. Berger also predicted that unless something is done to curb criminal anarchy, "we will have a soviet form of government here within five years."

When Mr. Berger took up the bill providing for teachers to take an oath of loyalty, the governor interrupted him, saying that the appropriation contained in the measures was not sufficient to carry out its provisions.

Mr. Berger did not deny the governor's statement but said that it would at least provide a beginning and that additional appropriations could be voted by the next legislature.

The governor indicated that he would not act on the bills until next week.

HOUSE SUSTAINS WILSON'S VETO ON MONEY BILL

Efforts of Republican Majority to Override It Fail

MEASURE IS MODIFIED

Provision to Which President Objected As "Censorship" Will Be Eliminated

Washington, May 14.—President Wilson's veto of the legislative appropriation bill, containing infringements on executive authority, was sustained in the house today against the efforts of the Republican majority to override it.

Though aided by a handful of Democrats, the Republicans failed by 28 votes to obtain the necessary two-thirds majority to repass the bill over the President's disapproval. The measure then went back to the appropriations committee for elimination of the section objected to and will be returned to the house on Monday for passage in its modified form.

The Republicans rolled up 170 votes to overcome the veto, but the Democrats cast 127 votes to sustain the President. The vote carries with it a denial of opportunity for the senate to attempt offsetting the veto for the redrafted measure will leave the house without the provision relating to powers of the joint committee on printing, at which the veto was aimed.

While the house was considering the question, Senator Smoot of Utah, author of the provision and chairman of the joint committee, told the senate that the President had been misinformed as to the effect of the provision, which would have given the committee control of all government publications.

Smoot Accuses Babson.

Roger Babson, formerly connected with the committee on public information, and others attacking the joint committee, were accused by Mr. Smoot of having misled the President.

The Senator added that the President had signed a bill last year giving the joint committee greater power than was proposed by the vetoed provision.

Republicans in the house debate also voiced similar complaint, but the Democrats replied that congress had sought to censor executive departments of the government, and that it had failed to enact laws that would provide for the continuance of useful publications.

Chairman Good, of the appropriations committee, declared that 133 publications would be compelled to cease next June 30, and the blame, he asserted, would rest entirely with the President. Representative Barnes, Democrat of Tennessee, replied that the blame would be with congress for failing to authorize the continuance of the publications.

Representative Sisson of Mississippi was the only Democrat to urge that the veto be voted down. He contended that congress had not exceeded its authority in adopting the provision, because of its constitutional power to limit expenditures. In the vote, however, Representatives Gallivan and Olney, both of Massachusetts; Evans, Nevada; and Lee, California, joined the Republicans, as did Representative Randall, California, prohibitionist; and Representative Keller, Minnesota, Independent.

HARBOR WORKERS SAY EIGHT HOUR LAW IS NOT ENFORCED

Washington, May 13.—Protests against alleged failure of the government to enforce the eight-hour provision of the Adamson law with respect to New York harbor workers were laid before the department of justice today by attorneys representing the affiliated marine workers who are now on strike. Contentions of the attorneys, headed by former Governor Folk of Missouri, were that application of the eight-hour law was the only matter involved in the walk-out.

Department officials, however, said they were not satisfied yet that this question was paramount. The government will go further into the case before it takes any steps, Assistant Attorney General Ames said.

GLYNN CALLS CONVENTION.

New York, May 14.—George A. Glynn, chairman of the Republican state committee, announced tonight that an unofficial state convention would be held within the next two months to "recommend a nominee for governor and other state officers, and to formulate a platform."

The executive committee of the state convention will meet here next week and decide on a time and place. In all probability, the convention will be held in Saratoga about July 15.

PAY BILL IS ENACTED.

Washington, May 14.—Enactment of the army and navy pay bill was completed with the adoption of the conference report by the house and senate today. The measure now goes to the President.

Two Fall 150 Feet Into Niagara Gorge and Live

Niagara Falls, May 14.—Although they fell 150 feet into the Niagara gorge this afternoon, Thomas Mercock, 45, and his eight-year-old daughter were still alive tonight in a local hospital. The two were walking on the brow of the cliff when the girl slipped. The father tried to save her, but both went over the brink and fell to the jagged rocks below. They will die, physicians say.

At the hospital late tonight, the girl told detectives that her father threw her over the bank and then jumped after her. The father, when questioned, changed his story and said that two men threw the girl over and then threw him after her. Friends of the Mercocks said that the father had been worrying over financial troubles and the recent death of his wife.

TAX WOULD PROVIDE FOR SOLDIER RELIEF

Republicans Propose to Assess Stock Dividends to Raise Money For Ex-Service Men

Washington, May 14.—Taxation of stock dividends was virtually agreed on today by a majority of the Republican members of the house ways and means committee as a new plan for raising part of the money to pay the cost of the proposed soldier relief legislation. Final action is expected to be taken tomorrow, committee men said.

Republican committeemen were said to have been unable today to agree on the amount of the tax, or whether it should be retroactive, and if so, for what period of time.

Strong opposition to the stock dividend tax developed among the Republicans, Chairman Fordney being said to have led the attack on the proposal. Supporters of the plan, however, said that its final adoption was assured and that Democratic committeemen who were not at the meeting had promised to support the new scheme.

While various rates and dates for the tax were placed before the committee, the consensus of opinion was said to be that the tax should be a levy of five per cent of the value of the stock dividends. Some committeemen were said to favor making the levy retroactive to the date of the supreme court decision holding the old income tax on such dividends unconstitutional, while others favored going back for a longer period.

Other changes in the soldier relief bill also were agreed upon finally by the Republicans, who expect to end their drafting of the measure tomorrow. Among them was that specifying that cash bonus payments should be \$50, with the maximum bonus to any one being fixed at \$500, with the corresponding value of the option of the cash bonus being limited to \$253.

Another provided that women war clerks who served abroad during the war would receive the benefits of the bill. Two hundred women, it was estimated, would be affected.

Opposition to the cash bonus continued to be expressed by a minority of the Republican committeemen, who said that with the Democrats holding similar views they might be able to block the bill in committee. Supporters of this provision, however, asserted that the bill would be reported to the house next Wednesday, following Tuesday's meeting here of the executive committee of the American legion. Advocates of the legislation plan to force consideration of the bill in the house May 21.

ROBBER KILLED AFTER MAKING LARGE HAUL

Youth Holds 50 Detectives At Bay in Barricaded Apartment, But Is Shot Dead

Chicago, May 14.—In four hours today, Horace T. Walton, 22 years old, of St. Joseph Mo., robbed a train, stole \$75,000 in cash, killed a policeman, barricaded himself in his apartment, held 50 detectives at bay in a pistol battle, in which one was seriously wounded, and died with a bullet in his heart.

Walton held up the mail car of the New Orleans limited on the Illinois Central railroad late last night as the train was leaving Kankakee, Ill.

Federal officers tonight were investigating the disappearance of \$5,000 from the satchel in which the robber carried away his loot. The \$75,000 was on its way to a Chicago bank from the Citizens National bank of Decatur, Ill. The officers who counted the money after the satchel had been recovered, said the total was \$80,546, mostly in packages of \$5,000. The \$29 making \$76,000 recovered, was given Oscar Bloomquist, a clerk on the mail car, by the robber in payment for the satchel. Bloomquist later turned over this money.

Walton was identified as a former mail clerk of previously good character.

WAGE INCREASE GRANTED.

Boston, May 14.—A wage increase of 15 per cent was announced today by the American Women's company. The advance will be effective at all the 30 mills of the company on May 21.

RATION SUGAR, HOOVER URGES CONGRESSMEN

Says Present Shortage May Continue Two or Three Years More

NEED FEDERAL CONTROL

Former Food Administrator Also Gives Committee His Views on Industrial Situation

Washington, May 14.—Herbert Hoover, former food administrator and candidate for the Republican nomination for President, gave his views to congress today on the sugar and industrial situations.

Appearing before a house committee investigating the sugar situation, Mr. Hoover declared that the world shortage of the product was likely to continue two or three years. The pressing need was rationing, he said, with immediate government action to control the supply through commercial, not legislative, methods. Although the hearing related primarily to the action of Attorney General Palmer in approving a maximum price for the Louisiana crop, it reached out into the broader field after Mr. Hoover said he could give only an "off-hand" opinion as to that proceeding. Mr. Hoover said, however, that the government should have bought the Louisiana crop last year, pocketing the loss or else selling to the luxury trade at an advance.

Against Legal Repression.

Earlier in the day, Mr. Hoover, who was a member of President Wilson's second industrial conference, told the senate labor committee he did not believe that the relationship between employers and employees could be settled by any form of legal repression, whether it be by injunction, compulsory arbitration, or industrial courts. He said labor unquestionably had been affected by reports of the excessive profits of some employers, although he was emphatic in asserting that unlike Europe, the United States had not been threatened by any attempt by labor leaders to use the strike as a political weapon.

While a large audience heard Mr. Hoover's views before both committees, the greatest interest was displayed by crowds that sought enlightenment on the shortage and high price of sugar, with its resultant tax on the family pocketbook. Answering a multitude of questions bearing on the Louisiana crop and price situation, Mr. Hoover explained that he had no knowledge of his own on the subject, but that it influenced Cuban producers to stimulate prices, but that except for the rise in prices would have been less rapid.

Hoover Disagrees with Palmer.

Mr. Hoover frankly disagreed with the policy adopted by the attorney general, saying that if he had been in the latter's place he "certainly would not have attempted such an operation." Prices never could be fixed by threats of jail, he said, adding that the proper course was through commercial process.

In making reply to members who wanted to know what should have been done to keep the present high sugar cost off the people, Mr. Hoover reiterated that the government should have bought the Cuban crop as well as the Louisiana crop, and that even now there was a chance to help by limiting the supply to non-essential industries. In this connection, he told the committee that prohibition had stimulated the use of sugar in the manufacture of sweet drinks, and thus had added to the drain on stocks needed for home consumption.

Purchase of the Cuban crop without continued government control through the Sugar Equalization board would have been impracticable, said Mr. Hoover, who added that continuation of the life of the board had been urged upon government officials.

Cuban planters were absolved from any endorsement of price advances, Mr. Hoover said, explaining that this created speculative activity which was regarded by the industry as disastrous.

INDICT POTATO PROFITEERS.

New York, May 13.—Charles H. and Carl W. Kimball, dealers in apples and produce, were indicted here today by the federal grand jury. They are alleged to have sold 47 tons of potatoes at "illegal and unreasonable" prices, making a profit of approximately \$25,000.

Armin W. Riley, chief of the government and profiteering squad, said today that within a month he expects to eliminate illegal speculation in sugar here. Most of the big refineries in this section, he added, have agreed to refuse to handle "toll" sugar for speculators.

CHAUFFEUR GETS LONG TERM FOR TAKING EMPLOYER'S CAR

New York, May 14.—Joseph Davidson, a chauffeur, today was sentenced to five years for taking his employer's \$5,000 car on a joyride and smashing it up in a collision.

After Davidson had pleaded guilty to attempted grand larceny, Judge McIntyre in General Sessions said: "I am going to make an example of this rascal. It is about time that chauffeurs should be taught a lesson that they cannot ruin their employer's cars on joy rides."

TALK BRIDGE OVER NARROWS.

New York, May 14.—Construction of a great bridge, to cost between \$75,000,000 and \$100,000,000, across the Narrows, the gateway to the harbor of New York, under which would pass the shipping of the world, was considered today by the Board of Estimates. This huge and picturesque structure would stand 150 feet high above the water of the Narrows, and have a main span 1,500 feet in length. It would be constructed without encountering difficulties, the board was told.

FOR THIEVES MAKE HAUL.

Rochester, May 14.—Thieves evaded a burglar alarm system in the East Avenue fur store of Harris P. Maloney early this morning by entering a photograph gallery overhead, breaking out a section of flooring and steel ceiling, and lowering confederates through the aperture. Furs worth close to \$1,000 were hoisted through the opening and taken away in automobiles.

CARRANZA'S CAPTURE NEAR, OBREGON SAYS

Only Matter of Hours. Revolutionary Commander Reports

REBELS IN MATAMOROS

Town Quietly Surrenders to Revolutionists—Mexico to Name Provisional Executive

El Paso, Texas, May 14.—With the fate of President Carranza still in doubt, Mexican telegraph officials from Juarez to Mexico City tonight were said to be making strenuous efforts to handle the almost overwhelming mass of government and press messages presented to their offices for transmission.

The latest official word received up to a late hour today was from General Alvaro Obregon, former candidate for the presidency of the republic, who reported to Luis Montes-de-Oca, revolutionary consul here, that President Carranza's capture was only a matter of hours.

Report Gonzalez-Obregon Alliance.

Washington, May 14.—Further indications that Pablo Gonzalez and Alvaro Obregon, formerly candidates for the presidency and now jointly occupying Mexico City, are working in accord, were contained in a report to the state department today. Both have published statements endorsing Antonio Villarreal for provisional president.

An extra session of the Mexican congress has been called to name a provisional executive, who, under the terms of the published program of the revolutionists, will supervise the election for president and serve until December 31, when the new president should assume the office.

Alfredo de la Huerta, preliminary chief of the revolution, was expected to arrive in the capital next week and take charge of affairs until the provisional president is named.

The support given Villarreal's candidacy was of peculiar interest to American officials because of its possible indication of the character of the proposed government.

Villarreal, once governor of the state of Nuevo Leon and prominent in military and political affairs during the early part of Carranza's administration, was in exile for more than three years, living in El Paso, Texas. Revolutionary agents here declared that during that period he had greatly modified his previous extreme views regarding labor and capital. It was suggested, however, that his selection as provisional president would prevent him from becoming the constitutional president and that his tenure of office would end with the close of the year.

Over 10,000 Americans in Mexico.

Americans in Mexico number 10,000, not taking into account those in consular districts from which the state department has received no report recently. There are 4,000 Americans in the Tampico district alone.

A week ago the department on the basis of information then in hand estimated the total number of Americans across the border at between 5,000 and 7,000 and the figures received from the consuls occasioned great surprise as they showed that there had been a great influx of Americans into the southern republic within the last six months.

A statement issued today by the state department said there was nothing in any of the President's advice from any section of Mexico to indicate that Americans were in any danger. However, two Americans were reported with Carranza, who is endeavoring to fight his way out of the revolutionary lines between Esperanza and Mexico City. Their names were not given.

The department said that none of its advisers contained any definite news regarding Carranza and his party.

Matamoros Surrenders to Rebels.

Brownsville, Texas, May 14.—Matamoros, opposite Brownsville, quickly surrendered to Mexican revolutionary forces shortly before noon today. It was the last northern border point remaining in the hands of Carranza officials. It surrendered in accordance with an agreement arranged yesterday between General Cologua, Matamoros garrison commander, and General Reyes, representing the revolutionary forces.

WONT RUN FOR GOVERNOR.

Edna, May 14.—State Senator Frederick M. Davenport, who has been mentioned as a possible candidate for governor or United States senator, eliminated himself from consideration for those offices today by announcing that he will run for re-election as state senator.

EASTMAN KODAK PROFITS.

Rochester, May 14.—Profits of the Eastman Kodak company of New Jersey and subsidiary companies in 1919 were \$18,525,155.31, according to the company's annual report made public today. Of this amount, \$7,812,112 was distributed to common stock and \$10,713,043 to preferred stock holders.

BUSINESS ON STOCK MARKET AGAIN DULL

Exchange for First Time in Several Weeks Bears Signs of "Sold-Out" Condition

New York, May 14.—Business on the stock exchange today was dull almost to the point of stagnation. Prices were comparatively steady, however, the market for the first time in several weeks bearing signs of a "sold-out" condition.

Money conditions in the local market were not materially changed, although call money rose to 12 per cent, the week's maximum, after opening at 8 per cent. This was in large part attributed to heavy interest payments to the government.

Railroads gave a better account of themselves than any other class of stocks, especially Texas and Pacific and several other issues of the Western and Southwestern divisions. Final prices for steel, equipments, oils and shippings were rather mixed, but higher in the main.

In point of interest, trading in bonds was at all times overshadowed by the weakness of Liberty and Victory notes. Almost without exception, those issues continued to fall to lower quotations in their history. Foreign bonds also lost some of their recent advance, while domestic rails and industrials were irregular. Old United States bonds were unchanged on call.

New York Produce.

STOLLO and TANG-O Chase Thirst

Here are two drinks. Stollo is light, Tang-O is dark. Your own taste is the only judge of which is the more delightful.

Both Stollo and Tang-O are brewed beverages — drinks with the tangy, zestful flavor of sun ripened grains and pungent hops.

They are wholesome, body-building drinks — good for everyone — everytime — everywhere.

Keep a case in your home. Order from your grocer. Served at soda fountains, clubs and restaurants.

OTSEGO COUNTY NEWS

FORD GOES OVER EMBANKMENT.

Waldo C. Johnson and E. J. Gross Fortunately Escape Serious Injury.

Cooperstown, May 14.—Waldo C. Johnson and E. J. Gross, both of this village, met with what might well be called a "fortunate" accident Thursday while on their way to Albany in Mr. Gross's Ford coupe. When near Berne, the car left the road and went over an embankment, turning over three times. Mr. Johnson, who was the passenger, was thrown through the windshield and attributes his not being cut to the fact that he had on a derby hat. Mr. Gross stuck to the wheel and also escaped injuries. After the accident, Mr. Johnson went to the nearest station and took the next train for New York, his destination, while Mr. Gross had the car which was not badly damaged, repaired and drove it through to Cooperstown today. Both escaped injuries and as the car was but little hurt, the accident can readily be termed "fortunate."

Living at home. Much sympathy is extended to the bereaved family.

"The Coming of Spring."

The students of the Cooperstown High school carried out an excellent Arbor Day program on the school campus this afternoon, when "The Coming of Spring" was presented. Interesting dances were well given and the program was greatly enjoyed by the crowd of more than 1,000 people who witnessed it.

FOUND DEAD IN GARDEN.

David W. Morse Expires at Home of Brother in New Lisbon.

New Lisbon, May 14.—David Waite Morse, a lifelong and highly esteemed resident of New Lisbon, was found dead in his garden Wednesday night, by his sister-in-law, Mrs. Cora Morse, who, with her husband, was searching for him. Although he had suffered from rheumatism the past year, he appeared to be feeling as well as usual, and after dinner went into the garden to work. Mrs. Morse was away from home that afternoon, but upon returning she did the chores as was her usual custom, and when dark came and he did not return to the house, they began to search for him and found his lifeless body lying on the ground. From all appearances, death was caused by heart trouble, although the coroner has not arrived at this writing.

Deceased was a son of the late Rensselaer and Amy (Johnson) Morse, and was born near the place where he

died nearly 82 years ago. He was never married and always lived with his brother, Melvin, at whose home he died.

Surviving are two brothers, Stephen Morse and the one above mentioned; also several nieces and nephews. He was a member of the Tienmuderrah lodge, P. & A. M., of Morris. It is thought the Masons will take part in the funeral services, which will be held at his late home Saturday, at 11:30 p. m. Interment will be made in Hillington cemetery at Morris.

SOUTH HILL HOUSE BURNED.

Neighbors Save Furniture When Keith Home Is Destroyed.

Schenectady, May 14.—The house on the farm belonging to Orrin Palmater on South Hill was burned to the ground Thursday afternoon. The fire is thought to have caught from a defective chimney. Mr. and Mrs. John Keith, who occupy the farm, were away from home when the fire was discovered, but by the timely aid of neighbors the furniture on the ground floor was saved. A quantity of potatoes in the cellar was destroyed and a considerable amount of household stores belonging to Mr. and Mrs. Palmater, which was in the second story, was burned. The insurance was very small.

Notes.

Miss S. Smith, who has been in Akron, Ohio, for several weeks, arrived in town Thursday. — Mrs. Charles Bellow spent Friday in Oneonta.

Planning for Memorial Day.

An effort will be made to have every school child in the town of Maryland in the line of march at the Memorial day parade. A dinner is to be served at the Masonic banquet room to the veterans of the Civil, Mexican and World wars, and it is hoped that every person in the town will unite in making the day one long to be remembered.

STUDENTS WILL ENTERTAIN.

Worcester High School Will Give Final Number on Entertainment Course.

The monthly fellowship meeting will be held at 2 p. m. A full attendance is urged because important business will be transacted.

The pastor, Rev. Askan Stuefer, will preach Sunday at 10:30 a. m. and at 7:30 p. m. Sunday school after the

OF INTEREST TO WOMEN

This is a Short Letter, but it Brings a Message of Importance to every Woman.

Woodford, Vt.—"I took Lydia E. Pinkham's Vegetable Compound and Liver Pills before my child was born and it did wonderful work for me. My baby weighed 8½ pounds when born and I did not suffer any pains. You can publish this letter if you wish for I would not be without your medicine before childbirth."—Mrs. JOHN LINN, Woodford, Vt.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

morning service. Everybody is welcome.

Presbyterian Pelotons.

LOCAL MENTION.

At the evening service at the First Methodist church Sunday, the last of a series of themes on David will be given, illustrated by moving pictures. All are invited to attend.

F. N. VanWick sold yesterday for William Kiefer his residence on South Side to G. Samuelson, who will occupy it as a residence, and for C. E. Hill his residence at 9 Linden avenue to M. H. C. Bolles, who will soon occupy the premises.

Harry Howard and Ethel Edmunds of Groves street, this city, appear for the first time before an Oneonta audience at the Oneonta theatre this afternoon in conjunction with the Chicago Stock company. Those who have watched rehearsals are loud in praise for the young folks, and it is expected a large audience will turn out and give them a royal welcome as well as a helping hand in the way of a boost in their new venture as vaudeville entertainers.

Orpheus Quartet Again Pleases.

A very successful concert was given by the Orpheus quartet last evening at Municipal hall. This recently-organized quartet has appeared several times during the past few weeks in Oneonta, and vicinity villages and has always scored a decided success. And last evening was no exception. There was a good attendance at the concert, and the program was one of rare excellence, 14 numbers being given in all. An evidence of the fact that the quartet pleased the audience was the persistent cheering, the singer, being called back after every number. Miss Eurrell added much to the evening's entertainment with several excellent readings.

The Orpheus quartet is composed of the following: Clayton VanTassel, bass; Haskell Fowler and Clarence Strat, first tenors; Rev. P. M. Luther, second tenor; Kenneth Knicker and Frank C. Smith, baritone.

Fonda Avenue Lunch Sold.

C. E. Hill, the piano tuner, and W. E. Swarttigger, formerly an employee of the D. & H., have purchased of Cook & Woolheiser, the Fonda avenue lunch room at 24 Fonda avenue. They will conduct the business along the lines previously inaugurated by the former proprietors. The lunch room enjoys an excellent patronage, especially among railroad men, and the purchasers will undoubtedly meet with success in their venture.

Meetings Today.

The Junior Missionary society of the United Presbyterian church will meet in the church this afternoon at 2:30.

Meetings Sunday.

Regular meeting of Chapman division, No. 45, O. R. C., Sunday afternoon at 2:30 in E. R. T. hall.

Range Open Today.

The range of Company G at West End will be open this afternoon. As many members as possible should be present for the instruction course.

Auction!

The undersigned will sell at auction, at his sale stables in the village of Bloomville, N. Y., on Wednesday, May 19th, 10:30 a. m., sharp, the following: Twenty nine Chenango county cows, Holsteins, carefully selected, an extra fine lot, all young, good size, fresh and coming fresh; also an entire dairy, consisting of 50 head of cows, Jerseys, Guernseys and Ayrshires, about 15 fall cows, all milking; 25 yearlings and two-year-olds; 10 bulls, from one to three years old, different breeds; five colts, coming three years old, and from heavy stock; six work horses, weight from 1,000 to 1,300 pounds; two milk wagons; two sets team harness. Will sell the horses, young stock, bulls, etc., in the forenoon; cows in the afternoon. Will try to sell one cow per minute. Equal terms, with discount to cash buyers. Come and bring your friends. J. D. Gilbert, D. W. Shaw, Henry Donnelly, auctioneers. W. D. Ceas. advt 1t

Bargain in a Home.

Nearly new two-family house, centrally located, with living room, dining room, kitchen, bath, three sleeping rooms, four closets for each family, also two complete sets of city water, sewer, toilets, bath, stationary ranges, gas and electric lights and furnaces, oak floors and hardwood trim. Fine place to live and can rent other part for \$29 per month or rent for 10% percent on investment. A bargain if sold at once. Fred N. VanWick. advt 4t

THREAT TO PUBLIC SAFETY

BIG STORAGE OF GASOLINE AT SHADYSIDE CORNER SO DECLARED.

At Hearing Before Commissioner Irvine at Hearing of Application of D. E. Robinson for Order Against Trolley Company.

While the Southern New York company is opposing the hauling of tank cars of gasoline along its tracks from the D. & H. to the vacant lot at the corner of Chestnut street and the Orego road adjacent to the Shadyside building upon the grounds that it is dangerous to do so with an overhead trolley, it was disclosed at the hearing before Commissioner Irvine of Ithaca, on the application of D. E. Robinson for an order requiring the trolley company to construct a siding to the lot named and to haul the tank cars for him, held at the council rooms at the Municipal building yesterday, that the placing of such a large tank in close proximity to the two highways and to the building development would impair the value of realty holdings there and would seriously impede the growth of that section. Such was the testimony of Dennis J. Kilkenny, who stated that the report that Mr. Robinson has plans for such large storage on the lot has already stopped building there and will menace the future of that section.

Mr. Robinson in his direct testimony, said that he has three retail gasoline plants just off the city limits here and that he desires to place a big steel tank holding 2,000 gallons at the rear of this lot and desires the siding upon which to run the tank cars and unload the same into the big tank from which the gasoline can be distributed by motor trucks to his retail stands. It is to be used for storage only. He testified that he can purchase gasoline three cents cheaper when bought in tank cars than from the delivery trucks of the three companies operating here. He testified that he purchased the lot at \$2,500 after being assured that the trolley company would construct the siding and handle the tank cars. Later he avers the company notified him that it could not handle the business.

G. C. Killeen, general superintendent for the trolley company, testifying, stated that he gave Mr. Robinson no assurance that the business would be handled, but would investigate and ascertain if the business could be handled and report to him. Mr. Killeen stated in his evidence that after communicating with the bureau of mines he was convinced from their replies that the company could not safely handle the business.

D. J. O'Day, an inspector of the bureau of explosives of the American Railway association, testified that a big tank in the location named by Mr. Robinson would be dangerous and that the association's rules would preclude handling a tank car at such a conspicuous corner, with trolley cars moving along Chestnut street and the Orego road and the switch lamps so near.

Commissioner Irvine will go over the evidence and recommend to the commission whether in his judgment the trolley company should be required to handle the business under all the conditions and his decision will doubtless be ratified by the commission. Owen C. Becker appeared for the commission and E. E. Holmes for Mr. Robinson.

Speeding Up Work on Theatre.

These spring like days have given workmen an opportunity to speed up the work on the new addition to the Oneonta theatre, and if the good weather continues, the next couple of weeks will bring big changes in that new construction which has been delayed due to inclement weather.

A Free Lecture.

First Church of Christ, Scientist, Oneonta, announces a free lecture on Christian Science in Cha. in Memorial Universalist church, Ford avenue, near Main street, Tuesday evening, May 18, by John C. Lathrop, C. S. B., of Brookline, Mass., member of the board of lecturership of the Mother church, the First Church of Christ, Scientist, in Boston, Mass. The doors will be open at 7:45. advt 1t

GOD'S PLAN OF FINANCES

Tithing on the Storehouse Plan So Characterized by Dr. Hensley and Other Speakers at Association of First Methodist Church Last Evening.

Putting the church on God's plan financially was the way Dr. James A. Hensley described the Storehouse plan of the Tithers' association in the final speech at the first banquet of the association of the First Methodist church at the parlors of that church last night, at the close of a successful and enjoyable affair, at which about 100 members of the association and a number of friends here and elsewhere were seated. It does away with raising funds by the Ladies' Aid society by bake sales and oyster suppers to make up a deficit at the close of the year, and puts the church in a self-respecting and respectable attitude in the community. It marks the dawning of a new era for the churches of this district, said Dr. Hensley in his address. The tithers, he said, have put the Oneonta district to the front among the districts of the conference and of the church, and before the close of the current year we expect to have a thriving association in every church of the district.

Dr. Hensley followed several other speakers from nearby churches, all of whom gave glowing accounts of the work that the association has done and bids fair to do for the various churches. The speechmaking followed an excellent chicken and biscuit dinner with Purdy ice cream as a delicious dessert. There were visitors from other vicinity associations other than the speakers, and all attested that the tithing is responsible for an advanced position of the church in their various communities.

Rev. A. D. Finch of Sidney was the first speaker, and he declared that tithing is the scriptural way of supporting God's work in the world, equally sustained by the new testament with the old, being taught all through holy writ from Genesis to Revelation. Mr. Landers, one of the laymen of the Sidney church, followed with an outline of what the association has done for that individual church, where from 65 to 75 tithers contributed last year \$4,800 to the church. It has increased the interest of all in the success of the church and will result in a new edifice in a few years.

Mrs. Frank VanCott brought a report of the association there, saying that 22 members, or one-seventh of the membership contributed \$1,700 toward the church sustenance, while six-sevenths has given but little over \$2,000. Our association has given our church an A-1 commercial rating, something it never before enjoyed. Rev. J. C. Johnson of the Elm Park church reported that the association of his church, now but a few weeks old, has a score of members and gives promise of accomplishing equally great things for that church. Bertrand Roberts of Davenport spoke of the pleasure of tithing. He said that it had enabled his church to double the minister's salary, and the people had found it contributed to their peace of mind and enjoyment of life to have the church sustained. It affords satisfaction such as no other method, and the beauty is that none having part are grumbling or complaining.

What Little Fellows Can Do.

You will be flabbergasted when you read my new display ad. on another page of this issue of The Star and learn what little fellows are doing for themselves as well as for Oneonta. Yes, and you'll want to get into the game, too. I am the safe and sane Oneonta Building and Loan association. advt 1t

MOTOR CAR MISSING

Studebaker Touring Car of Grover Chapin of West Oneonta Taken from Chestnut Street Last Night.

Grover Chapin of West Oneonta at 9 o'clock last night reported that his Studebaker, six cylinder, seven passenger touring car had been taken from Chestnut street near the Oneonta theatre, and that the only theory he could give was that the car had been stolen. The police department got busy at once, sending word to nearby cities and sending out men to vicinity villages where dances were in progress, to ascertain if the car had been purchased by some parties desiring to attend those dances. At a late hour no trace of the automobile had been found.

The car is a 1916 model, the license number is 667,322, and the engine number 6025,226. It was equipped when stolen with a Goodyear, a Goodrich, a Macine and two Pennsylvania vacuum tires. The rear window was broken out. Any information about the car should be sent to either Chief Horton of the police force, or to Mr. Chapin at West Oneonta.

Last Big Road Attraction.

Chin Chin, the musical comedy announced for next week at the Oneonta theatre will no doubt be the last big road attraction of the season, as work is progressing so rapidly in the new addition that the contractors are arranging immediately after the production of Chin Chin to start work on removing the present old stage and joining the new addition to the present building. This, however, will not interfere with the showing of pictures and vaudeville acts.

AGED RESIDENT OF ELK CREEK

Mrs. Alma Chamberlin Dies Thursday Night After Long Illness.

Elk Creek, May 18. — Alma Perry Chamberlin, one of the oldest and most respected residents of Elk Creek, died at about 11:30 o'clock Thursday evening, May 13, after a long illness at her home in this place. Death was due to Bright's disease, from which for several years she had suffered. The funeral services will be held Monday at 2 p. m. at her late home, Rev. N. R. Feagles of the Schenectady Baptist church officiating, and interment will be in the Elk Creek cemetery.

Mrs. Chamberlin was born in the town of Westford, November 29, 1843, and was a daughter of David and Amy (Sutherland) Perry, both long since deceased. She was married in 1869 to W. H. Chamberlin. The latter, who was a soldier of the Civil war, serving with the 1st New York engineers, died November 12, 1915, and during her later years she had been tenderly cared for by Mrs. Flora Howden, a niece of Mr. Chamberlin. One child, a daughter, Amy, was born to Mr. and Mrs. Chamberlin. She died in 1889, and there now remain no near surviving relatives of the deceased.

Mrs. Chamberlin was a member of the Woman's Relief corps of Schenectady, and was a charter member of the Elk Creek grange. She was a woman of fine attainments, a good friend and neighbor and highly esteemed by all who knew her.

Mayor Receives Invitation

Mayor A. E. Coperley has received an invitation written by Gertrude A. Miller, a student of the Auburn High school, cordially inviting him to visit the Finger Lakes region during his vacation. The epistle, which eloquently describes the beauty and the attractions of that section, is one of 15,000 which are being sent out by school children throughout the Finger Lake country inviting the mayors of every city in the United States to spend their vacations there.

This is a novel method of advertising and there is no doubt that it will be watched with interest.

Heavily Fined \$5.

John Heavey of River street, who was arrested Thursday afternoon on Main street, charged with public intoxication, was fined \$5 when arraigned in police court yesterday morning before Judge Huntington.

If you have two or three hundred dollars, see George Anderson, he can sell you a home. The Building and Loan way, where rent money will pay for your home. adv 1c

MRS. BELLE PALMER.

Life-Long Resident of County Passes Away at Home Here.

Friends of the family were grieved to learn of the death of Mrs. Belle Palmer, which, as noted in yesterday's Star, occurred at about 11 o'clock Thursday evening at the Palmer home, at 86 Spruce street. Mrs. Palmer suffered an attack of cerebral hemorrhage more than five weeks ago but made a good recovery, and was able to be about the house again until exactly three weeks after she was first taken ill, when she suffered another shock. Following this, her condition was admittedly critical and the members of her immediate family were called to her bedside. She appeared to be making a good recovery, however, and on Thursday was in the best condition since she was taken ill. Late at night, however, she suffered another attack, from which she failed to rally.

Mrs. Palmer, who was Belle Sherman, was born at Westville on February 20, 1855, a daughter of Ira and Elizabeth (Vanness) Sherman, and spent her whole life in Otsego county. On December 26, 1882, she was married to Arthur Palmer at Westville, and they settled down on a farm in that village, where they remained for several years. Later, Mr. Palmer entered the hotel business, in which he continued until the time of his death. He conducted hostilities at several villages about the county, including Hartwick, Unadilla and Wells Bridge. He died at Hartwick on June 9, 1912.

Following her husband's death, Mrs. Palmer came to Oneonta to live, and this had since been her home. She was distinctly a home woman and her life work was devoted to the interests of her husband and children. Although a quiet and unassuming woman, she had a wide circle of friends in this vicinity who will mourn her death and who will extend heartfelt sympathy to the bereaved family. Mrs. Palmer was a member of the local First Baptist church and of the Masonville Order of the Eastern Star.

Mrs. Palmer is survived by six children: D. L. Palmer of Otego; Mrs. Albert Hutson, wife of the local druggist; Mrs. Albert Youngs, of Youngs; Miss Elizabeth Palmer, an instructor in the Portlandville school, but who makes her home here; Miss Margaret Palmer, an instructor in the Oneonta High school; and Arthur Palmer, a student in the Oneonta High school; and by two grandchildren, Jane Hutson and Margaret Youngs, three brothers, Samuel Sherman of Oneonta, Vanness Sherman of Otego and Ira Sherman of Rome; and three sisters, Mrs. Elizabeth Wilbur of Phoenix Mill, Mrs. Otto Weckwerth of Union, and Miss Ida Sherman of Albany.

Funeral services for Mrs. Palmer will be held at the late home Monday afternoon at 2 o'clock. Her pastor, Dr. Farley, will officiate, and the body will be taken to Westville for burial beside her husband.

Moosheart Legion Holds Social.

The women of Moosheart Legion will hold a social this evening at the Moose home on Dietz street. Ice cream and cake will be served, and a silver offering will be taken.

The best is sometimes also the most economical. It takes less Otsego to make rich, delicious, satisfying coffee. Include some in your next order. adv 1c
